

Highest standards and innovative solutions

Our operations management system is ISO 9001:2008 compliant and has been audited and registered by Intertek Group – Global testing, inspection and certification services. We design and manufacture our system solutions in accordance with CSA B51 and B52 and ASME B31.1, B31.3 & B31.5 and have been audited and certified by TSSA, Technical Safety and Standards Authority.

Berg custom manufactures, designs, installs and services a wide range of industrial process chillers and cooling systems to exacting specifications and the highest industry standards.
